[Book 'em Danno](#) played a fun gig this past weekend at the Lundeen House (famous bronze sculpture artists and foundry owners in Loveland, Colorado). What a gorgeous property right off the Big Thompson river! It was a benefit for the Boys and Girls Club of Larimer County. Kathi Wright, executive director of the Boys and Girls Club, welcomed us with the Aloha Spirit. Good food, too, from the Outback Steak House. They really treated us right. Sometimes it pays to be a musician :-)
